

Distribuciones de variables de clustering

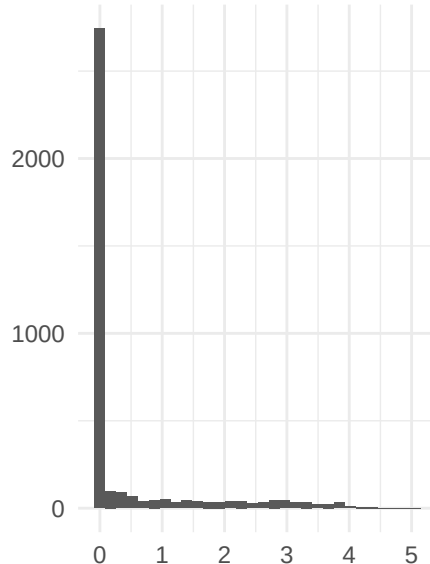

heliofania

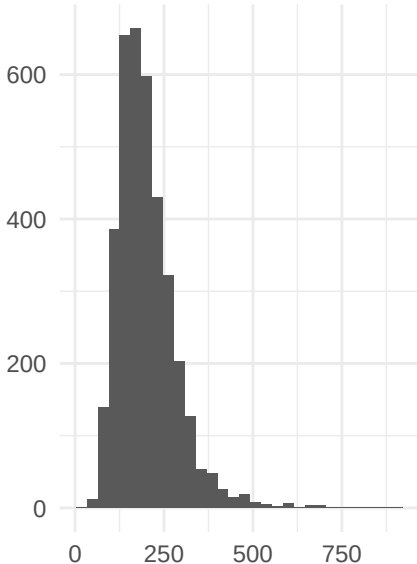

hr_media

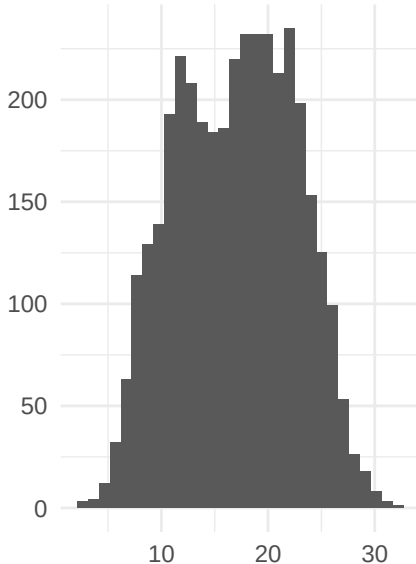

log_precipitacion

recorrido_viento

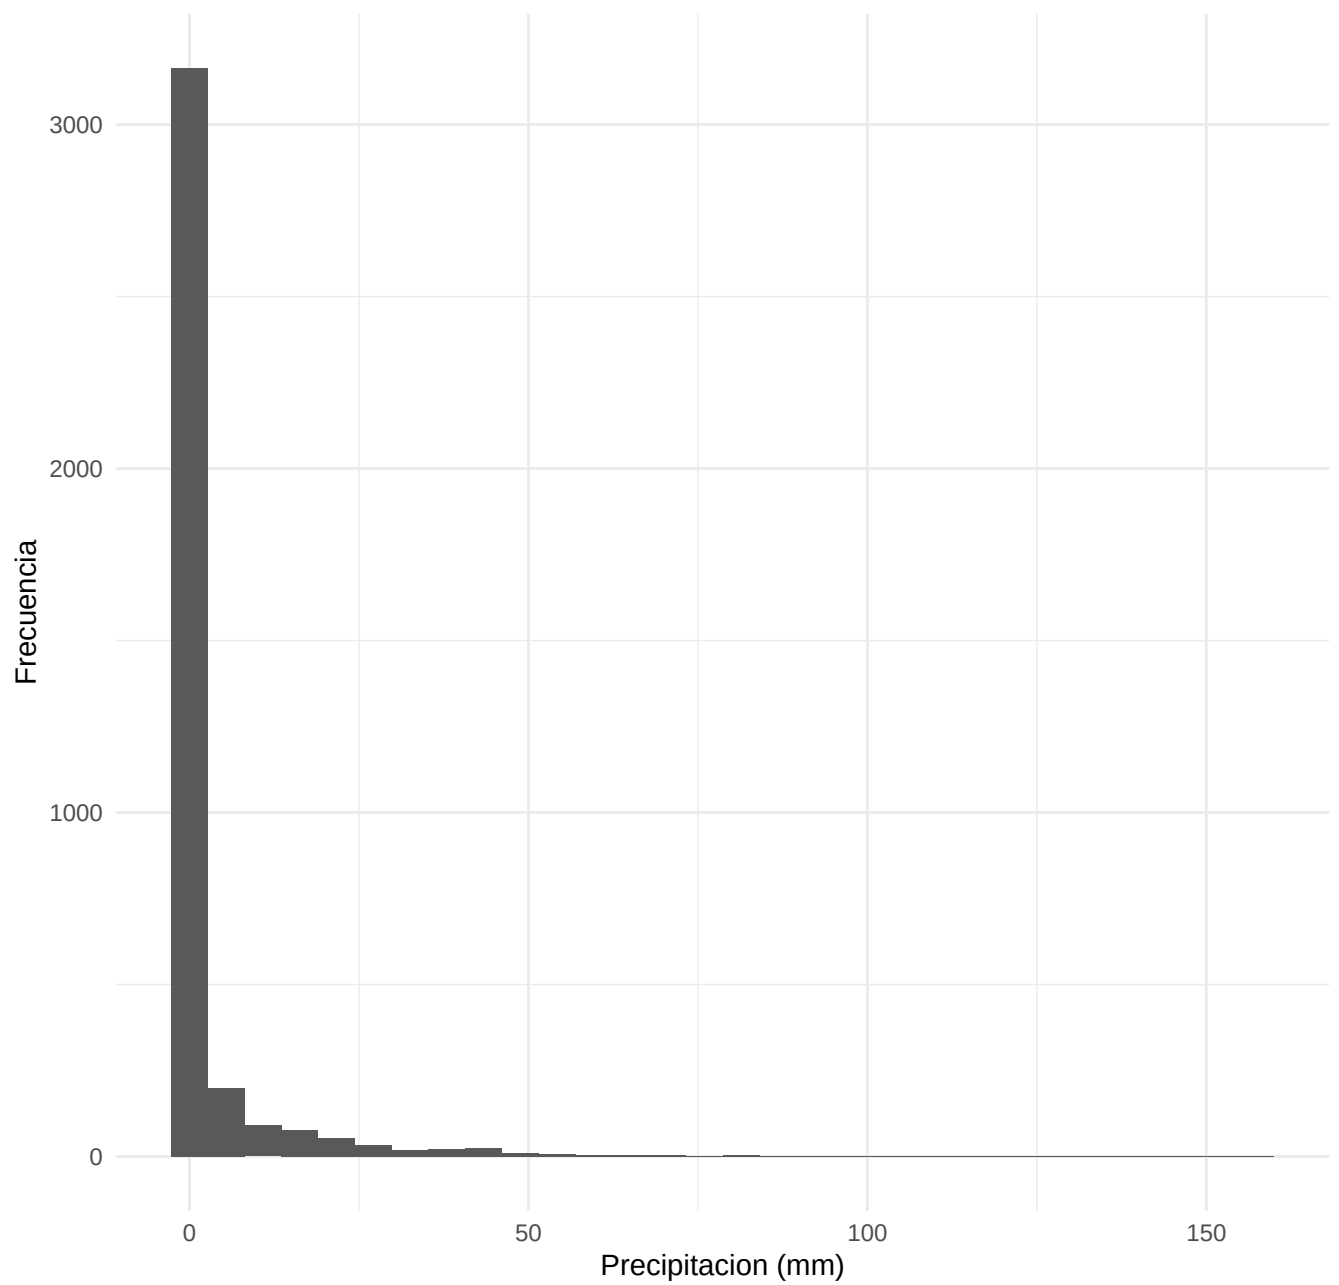

temp_aire_media

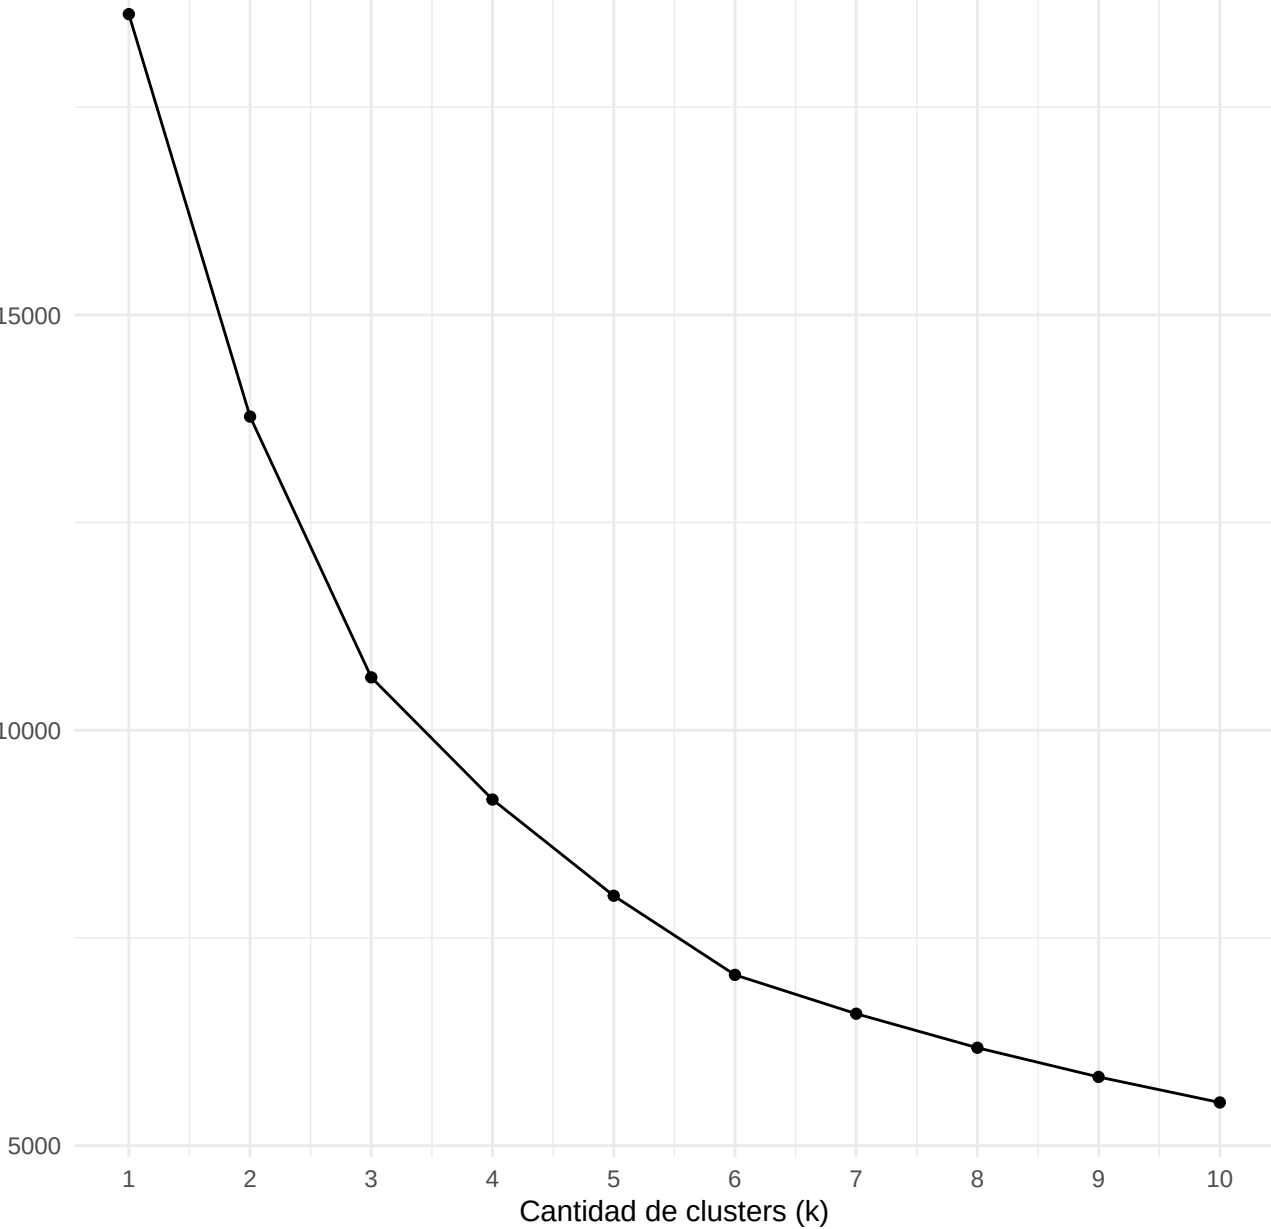

Valor

Distribucion de precipitacion diaria

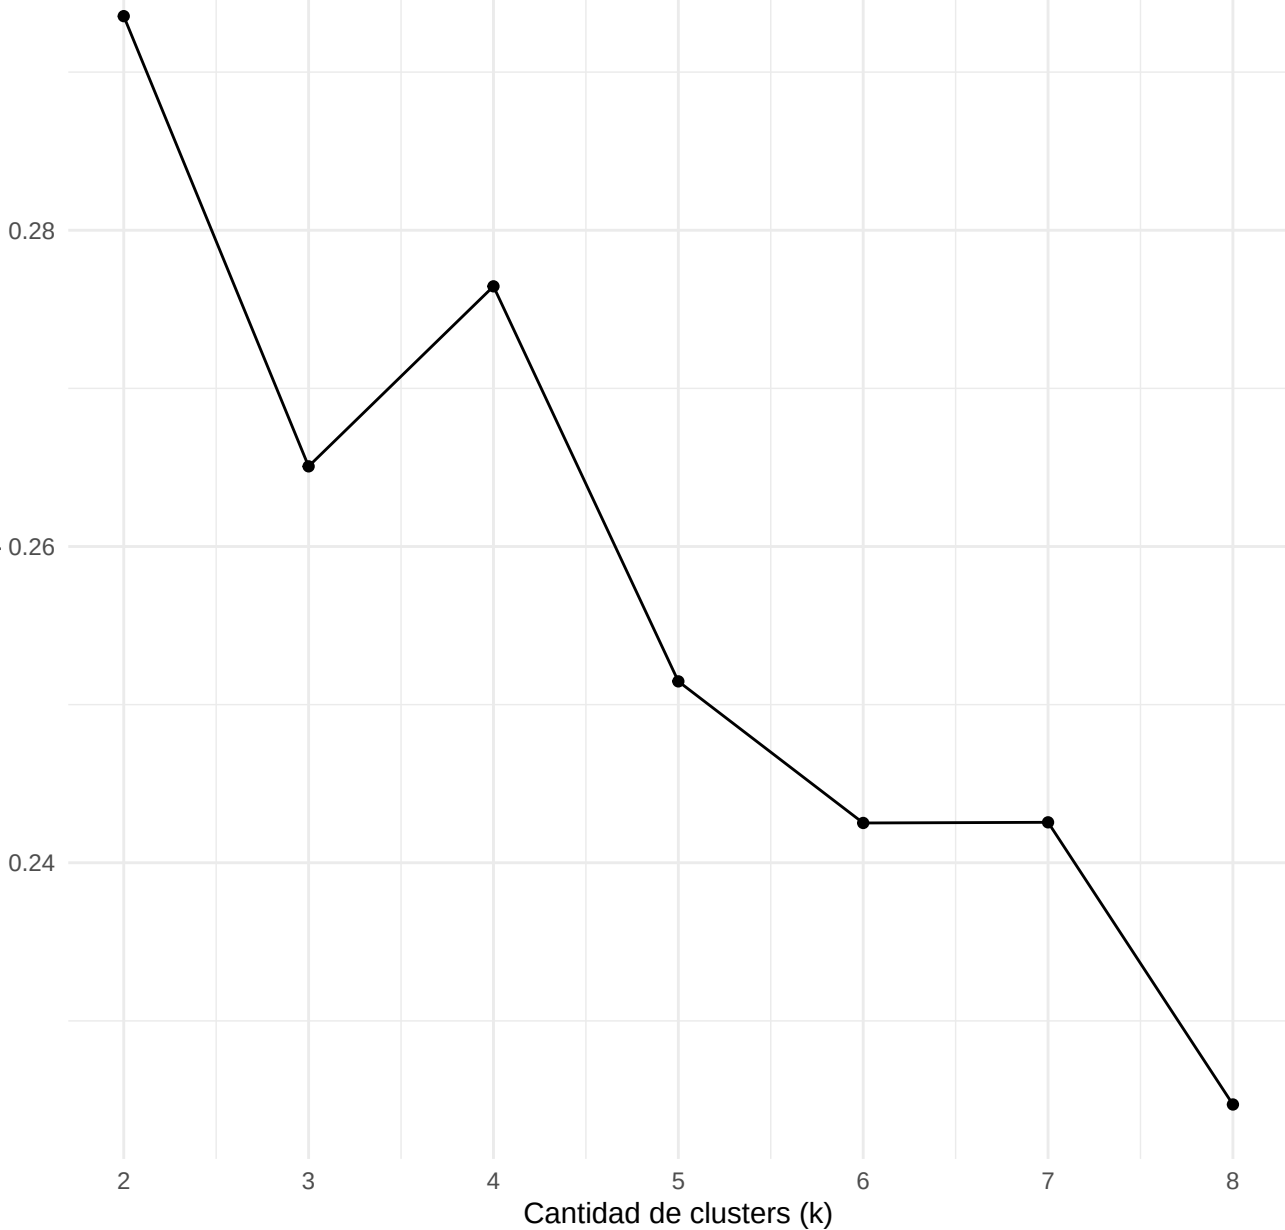

Metodo del codo

Variabilidad interna total

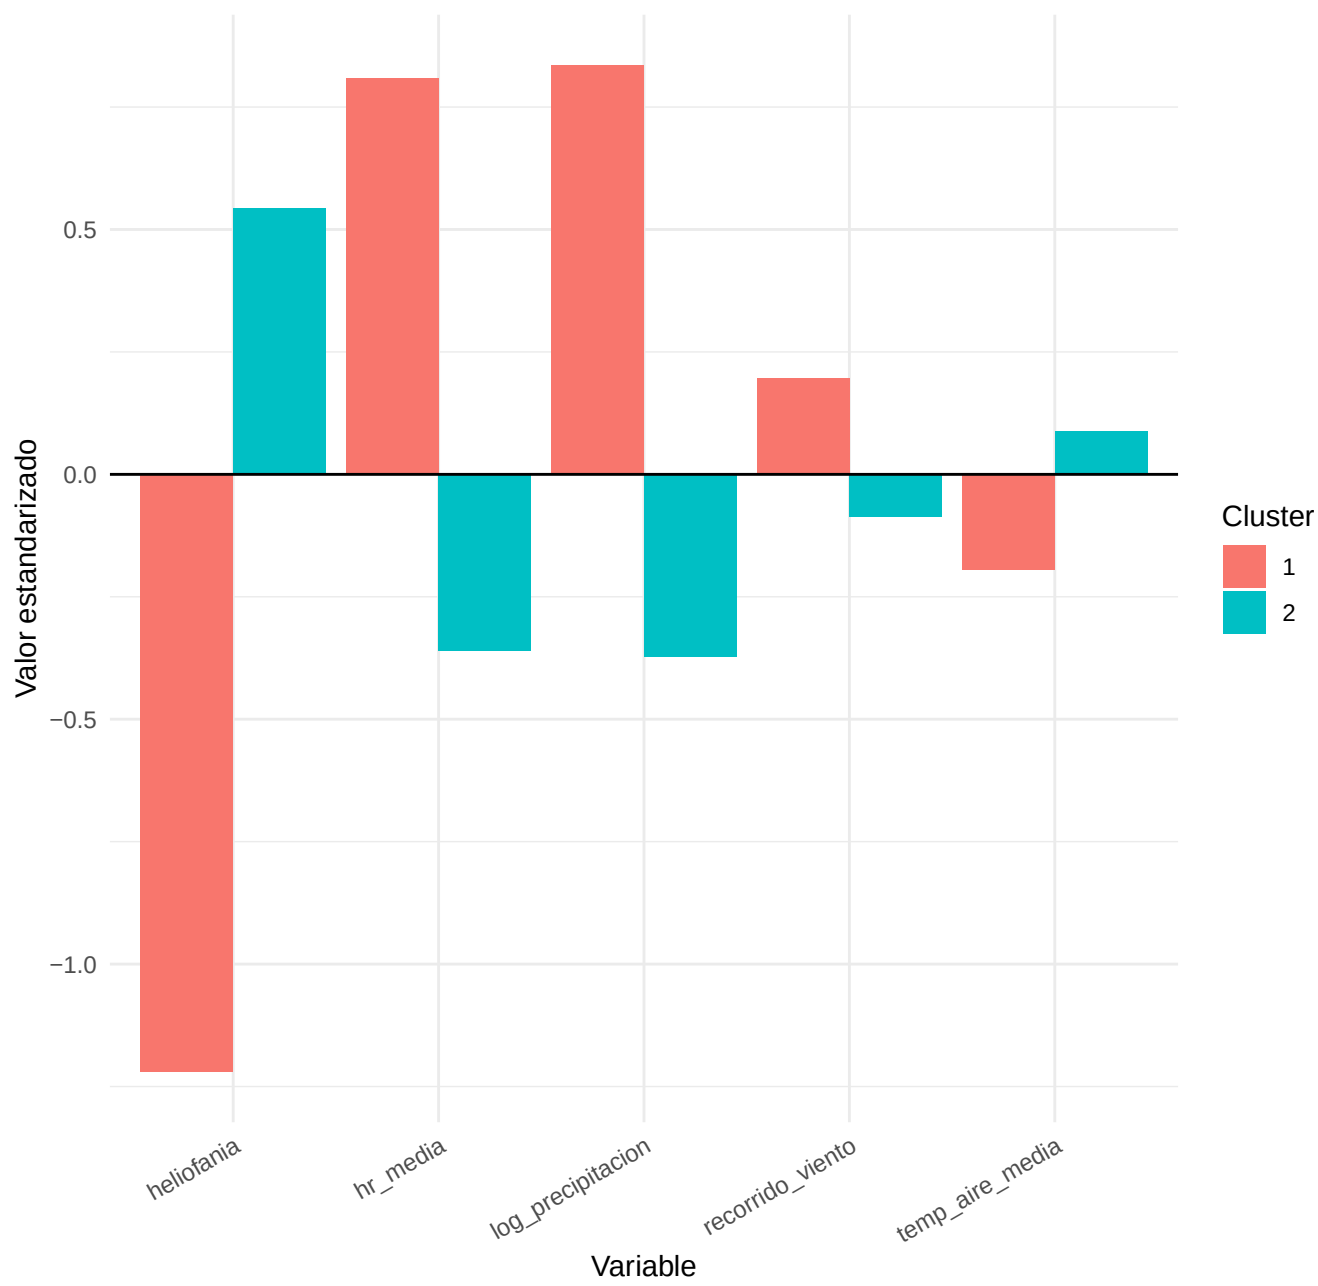

Silhouette promedio segun k

Silhouette promedio

Cantidad de clusters (k)

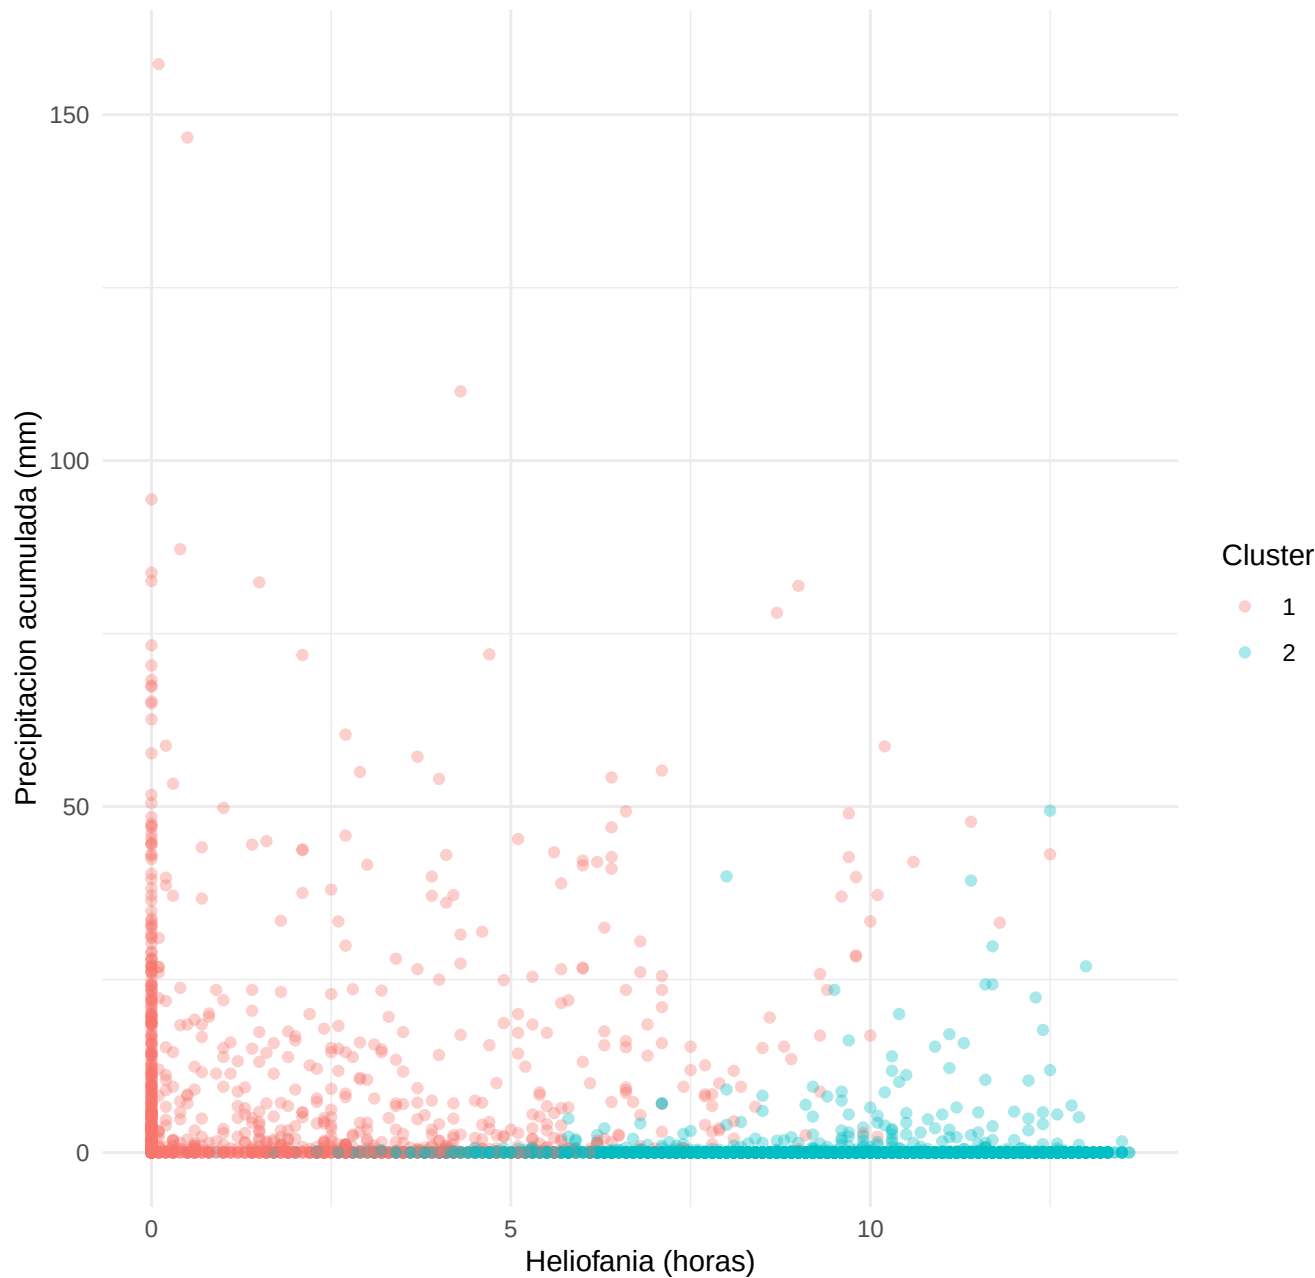

Centroides estandarizados por cluster

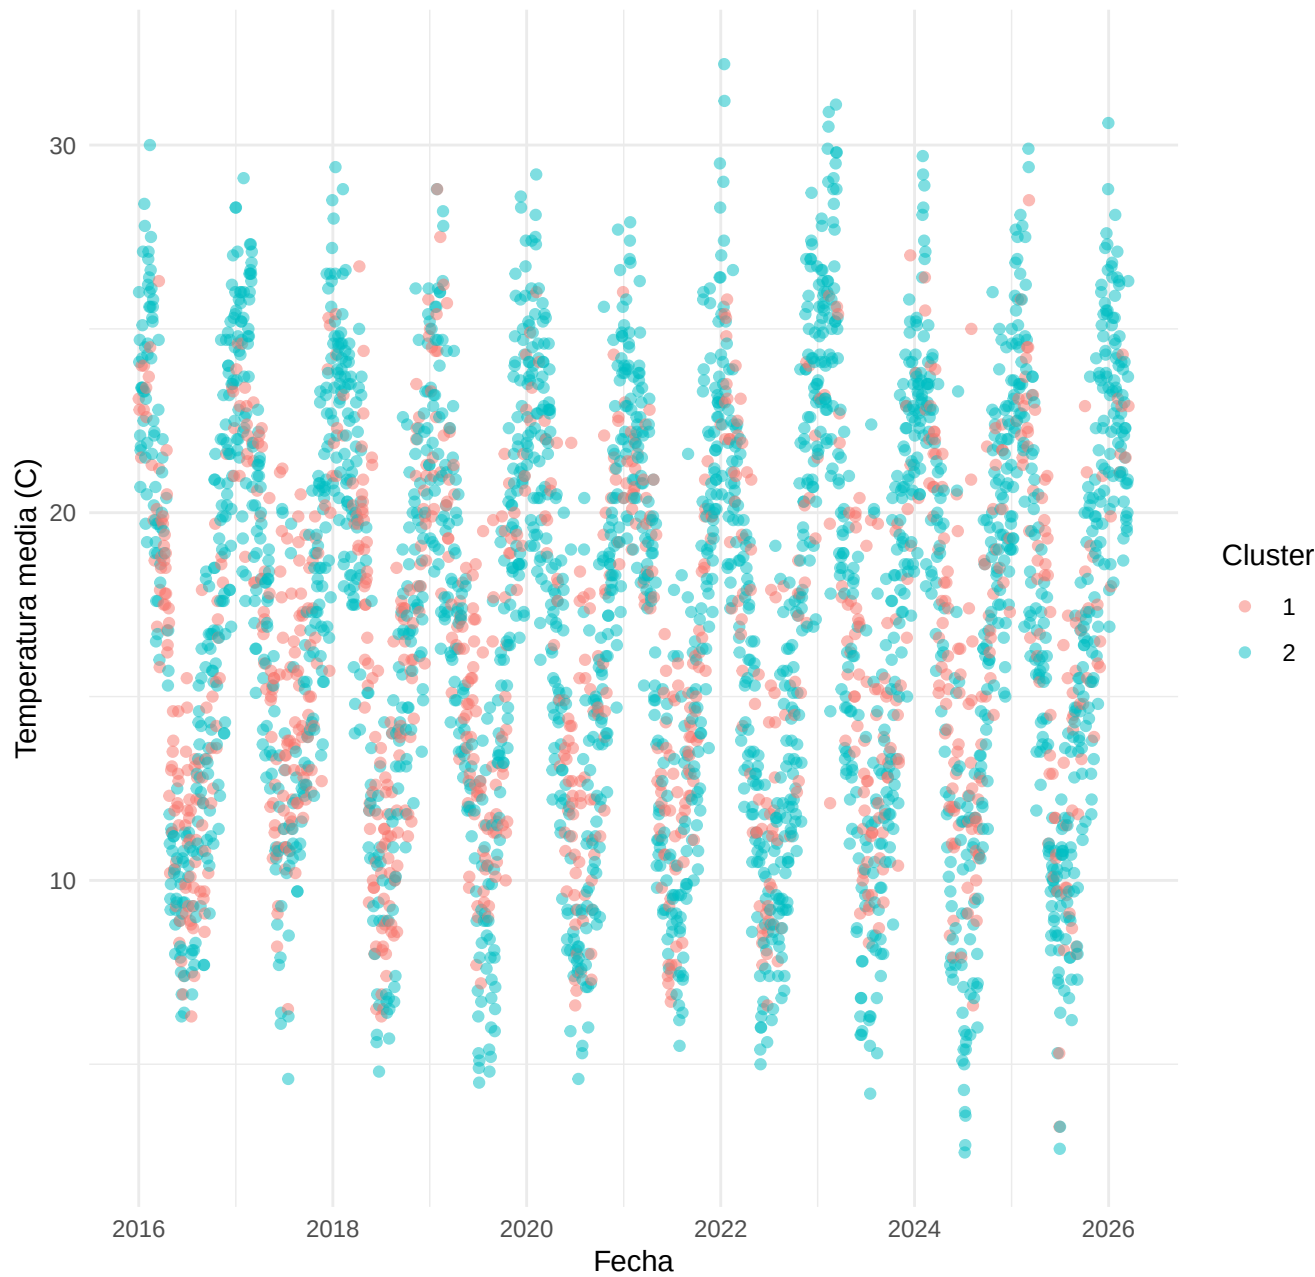

Clusters: temperatura y humedad

Clusters: heliofania y precipitacion

Clusters a lo largo del tiempo

Proporcion de clusters por mes
